Potential changes to the composition of the Nomination Committee shall be published as soon as they have occurred. The Nomination Committee will remain in place until a new Nomination Committee is appointed.

Item 14 Resolution regarding remuneration guidelines for senior managers

The Board of Directors proposes that the AGM adopts the following guidelines for remunerating senior managers. Senior managers mean the group management including the CEO. The proposal is designed to enable Beijer Electronics to offer market remuneration that can attract and retain skilled employees to the corporate management in a global perspective.

- Remuneration issues are considered by the Remuneration Committee and submitted to the Board of Directors for decision each year. Total remuneration includes basic salary and performance-related pay, consisting of a yearly and a long-term component. Pension and other customary benefits such as company cars are additional.
- Basic salary, which is individually set and differentiated on the basis of individual responsibilities and performance, is determined on the basis of market principles and reviewed yearly.
- The performance-related component is based on the achievement of predetermined goals. These goals relate to the company's profit performance and other key change goals. For the CEO and other senior managers, the yearly performance-related component may be a maximum of six months' salary, and the long-term performance-related component may be a maximum of 20-40 per cent of basic salary.
- The CEO's pension is defined contribution and becomes due at age 65. Each year, 35 per cent of the CEO's cash salary is provisioned to this policy. Defined contribution pension agreements on market terms are in place for other senior managers.
- If the CEO's employment is terminated by Beijer Electronics, the CEO has an 18-month notice period. No other remuneration upon termination has been agreed. If other senior managers' employment is terminated by the company, a notice period of a maximum of 12 months has been agreed, for all senior managers apart from one, who has a six-month notice period and nine months' severance pay.
- The Board of Directors is entitled to depart from the guidelines resolved by the AGM if there are special circumstances in individual cases.

Item 15 Resolution on authorization for the Board of Directors to reach decisions on new share issues

The Board of Directors proposes that the AGM resolves to authorize the Board of Directors to decide to increase the company's share capital by a maximum of SEK 631,000 through the new issue of a maximum of 1,893,000 shares on one or more occasions before the next AGM.

The proposal means that the Board of Directors would be authorized to decide on the new share issue with stipulations on issue in kind, set-off or subject to other terms stated in Chap. 13 § 5 para. 1 cl. 6p of the Swedish Companies Act, and waiving shareholders' preferential rights. The Board of Directors will be entitled to stipulate other terms for the share issue, including issue price, which however, shall be based on market terms.

The purpose of this authorization is to enable the company to issue shares to guarantee funds for purchase prices related to the acquisition of other companies, parts of companies, or other assets the Board of Directors judges to be valuable to the company's operations. Full utilization

of this authorization would correspond to dilution of some 10 per cent of the share capital and votes.

Resolution pursuant to the Board of Directors' proposal requires the AGM's resolution being supported by shareholders representing at least two-thirds of the votes cast and shares represented at the Meeting.

The Meeting is also proposed to authorize the company's Chief Executive Officer to make the minor alterations to AGM resolutions that may be necessary in tandem with registering resolutions at the Swedish Companies Registration Office.

Number of shares and votes

As of March 19, 2013 the total number of shares of the company, and the total number of votes, is 18,934,464.

If any shareholder so requests, and the Board of Directors considers that it is possible without significant detriment to the company, the Board of Directors and Chief Executive Officer shall present information, firstly on circumstances that can affect the judgment of an item on the agenda, secondly circumstances that may influence judgment of the company's or subsidiaries' financial position, and thirdly the company's relationship to other group companies.
